HIDI Advantage® Analytics

Premier Data & Reporting Packages

EXCLUSIVE OFFERING!

The Hospital Industry Data Institute® offers subscriber-based **Premier Data and Reporting Packages** to HIDI-participating hospitals and systems at a fraction of market cost. Refreshed quarterly or annually, premier packages include timely access to analytics-ready HIPAA-defined limited data sets, comprehensive policy reports and special impact studies to support decision-making in the areas of **marketing, strategic planning, quality, safety, population health** and **community benefit.** At additional cost, data can be optionally enhanced with HIDI-curated encounter-level indicators of chronic disease, social determinants of health, risk-adjusted readmissions and more. These packages are an exceptional value. Learn more or subscribe today at **HIDIadvantage.net.**

Unlock Insights With Analytics-Ready Data

- assess the market and predict risk by leveraging statewide hospital encounter detail
- target interventions to support care coordination efforts to reduce excess hospitalizations
- monitor change and develop timely insights across providers and geographies

Distinctive Benefits

- refreshed timelier than alternative sources, including resident hospitalizations in adjacent states
- policy impact and analysis insights not available elsewhere
- access conveniently through our secure HIDI Advantage® User Portal

Optional Enhanced Indicators Available

Premier data package subscriptions can be augmented with an extensive library of more than 300 geographic, sociodemographic, behavioral, clinical, social determinant, and quality outcomes indicators and measures that are HIDI-curated for analytics-readiness. Learn more online.

Better Data. Better Decisions.

Premier Data Package — 2026 Pricing

DATA PACKAGE	FORMAT	ANTICIPATED DISTRIBUTION	DATA YEAR	CATEGORY	Á LA CARTE PRICE
MO Inpatient Record-Level Database					
Includes record-level HIPAA-defined limited datasets; all of Missouri's hospital discharges with associated diagnoses, procedures, DRGs, MDCs, patient demographics, etc.	MICROSOFT ACCESS DATABASE OR COMMA-DELIMITED TEXT FILE	QUARTERLY: FEB. 2026	FFY 2025: Q1–Q4	STRATEGIC PLANNING	Pricing available to member facilities upon request.
		QUARTERLY: MAY 2026	FFY 2026: Q1		
		QUARTERLY: AUG. 2026	FFY 2026: Q1–Q2		
		QUARTERLY: NOV. 2026	FFY 2026: Q1–Q3		
MO Outpatient Record-Level Database (Classified)					
Includes encounter-level HIPAA-defined limited datasets; outpatient visits termed classified, in that records containing only revenue categories of laboratory, trauma response, clinic, freestanding clinic, home health visits, ambulance and select others, are excluded.	MICROSOFT ACCESS DATABASE OR COMMA-DELIMITED TEXT FILE	QUARTERLY: FEB. 2026	FFY 2025: Q1–Q4	STRATEGIC PLANNING	Pricing available to member facilities upon request.
		QUARTERLY: MAY 2026	FFY 2026: Q1		
		QUARTERLY: AUG. 2026	FFY 2026: Q1–Q2		
		QUARTERLY: NOV. 2026	FFY 2026: Q1–Q3		
MO Outpatient Record-Level Database (Unclassified)					
Includes encounter-level HIPAA-defined limited datasets; outpatient visits termed unclassified, in that records containing only revenue categories of laboratory, trauma response, clinic, freestanding clinic, home health visits, ambulance and select others, are included.	MICROSOFT ACCESS DATABASE OR COMMA-DELIMITED TEXT FILE	QUARTERLY: FEB. 2026	FFY 2025: Q1–Q4	STRATEGIC PLANNING	Pricing available to member facilities upon request.
		QUARTERLY: MAY 2026	FFY 2026: Q1		
		QUARTERLY: AUG. 2026	FFY 2026: Q1–Q2		
		QUARTERLY: NOV. 2026	FFY 2026: Q1–Q3		
Annual Licensing Survey Raw Data File					
Includes all the public data elements, at the hospital level, of the most current annual licensing survey. Also includes a user-defined, Excel-based report generator. This tool provides a user-friendly interface to query the annual licensing survey raw data file.	TEXT FILE OR MICROSOFT EXCEL FILE	ANNUALLY: Q3 2026	2025	FINANCE	Pricing available to member facilities upon request.

Optional Enhanced Indicators*

Encounter-Specific Indicators					
Data files including HIDI-curated chronic disease, behavioral health/risk, patient safety and quality (AHRQ), hospital-acquired conditions (HAC), social determinants of health and expanded patient geographic assignments.					Pricing available to member facilities upon request.
Master Patient Index Indicators					
Data files including HIDI-curated risk-adjusted mortality, severity-adjusted length-of-stay, risk-adjusted 30-day readmissions and enhanced patient-identifier detail.					Pricing available to member facilities upon request.

*Optional enhanced indicators link directly to the patient-level limited data sets within the Premier Data Package. They are not available separately. Details about these enhanced data files can be found online.

Premier Reporting Package — 2026 Pricing

REPORTING PACKAGE	FORMAT	ANTICIPATED DISTRIBUTION	DATA YEAR	CATEGORY	Á LA CARTE PRICE
Inpatient/Outpatient Combined Physician Loyalty Reports					Pricing available to member facilities upon request.
Provides physician-specific aggregate data for all HIDI hospitals; provides patient counts for combinations of attending physician name, patient ZIP code, patient county and state, payer and DRG (on inpatient records). The patient counts are listed by specific hospital.	MICROSOFT ACCESS DATABASE	ANNUALLY: FEB. 2026	FFY 2025	STRATEGIC PLANNING	
Price Transparency Report					N/A
Provides an interactive reporting interface, allowing the user to display their hospital charges stacked against the average, across variables like MDC, DRG, patient county, primary diagnosis, payer, race and attending physician.	ADVANTAGE OPTICS	QUARTERLY	2021-2026	FINANCE	
Hospital Profile Report					N/A
Provides a comprehensive description of HIDI acute care hospitals, critical access hospitals, children's hospitals and cancer hospitals using key statistics and indicators from the Medicare cost report and other data files from the Centers for Medicare & Medicaid Services.	HTM	ANNUALLY — SECOND QUARTER 2026	HCRIS, IPPS/OPPS IMPACT FILES	STRATEGIC PLANNING	
Medicare Provider Analysis and Review (MEDPAR) Reports – Average Hospital Charges for Medicare Patients – DRG and Data File					Pricing available to member facilities upon request.
Displays a hospital-by-hospital comparison of average ancillary charges and total charges for Medicare patients, by DRG, as reported in the Medicare Final Rule MedPAR file.	PDF, ASCII DATA FILES	ANNUALLY: Q4 2026	FFY 2025	FINANCE	
Seven-Year Trends (Annual Survey)					N/A
Includes information depicting trends as observed on the seven most recent annual licensing surveys. The information is grouped in multiple breakout categories, including bed size, ownership status, hospital types, geographical regions and congressional districts; includes trends in revenue, uncompensated care, expenses, profit margins, payer information, hospital staff, beds and utilization. Maps and graphs are provided to augment the reports.	PDF	ANNUALLY: Q3 2026	2019–2025	FINANCE	
Case-Mix Index Report					N/A
Provides a hospital-by-hospital comparison of the most current five years' case-mix index, DRG weight sum and patient discharges. The report is filterable by payer and patient discharge status.	ADVANTAGE OPTICS	QUARTERLY	2021–2026	FINANCE	
Modeling Utilities					N/A
Periodically, HIDI will make available timely selected modeling utilities for use by its member hospitals.	MODEL-DEPENDENT	AS AVAILABLE	MODEL-DEPENDENT	MODEL-DEPENDENT
